Testimonials

"Through personalized coaching and peer learning, we updated our 5-year Strategic Plan, clearly articulating our unique value and sharpening our vision for impact. The Fellowship also inspired us to embed sustainability into our model by developing a social enterprise approach, ensuring long-term financial resilience. Most importantly, it has significantly increased my confidence and capacity to lead my organization as we scale up our programs, including the expansion of our holistic model for children support and family livelihood initiatives."

2024 Fellow - Augustin Iyamuremye Nshuti, Hope of Family, Rwanda

"The growth, learning, and relationships [The Fellowship] sparked will continue to shape me for years to come. I've had the privilege of being in community with a global cohort of changemakers—brilliant, passionate leaders who are transforming the lives of children and youth in every corner of the world. Together, we challenged each other to think bigger, lead with intention, and stay grounded in the purpose that drives our work."

2024 Fellow - Andrea Meyer, Center for Success Network, USA
